

Creating Your New 21st Century Logan Library and Community Center: Comment Form

The City of Logan and the Logan Library Board are interested in hearing from the community about your hopes and dreams for a new library. We want to know what programs, materials, and services you are interested in to make the library easier to use. Fill out online at <http://library.loganutah.org/newlibrary/comments.cfm>.

Programs/Services

What programs and services should the Library feature?

Collections/Materials/Technology

Tell us how to improve the Library's collection and resources. What are your particular needs for books, DVDs, CDs, computers, databases, other materials, and resources. Please share your particular needs.

Design

How should the new library look and feel? What architectural features will help the building respond to changing community needs?

What other libraries have you seen that might serve as a model for us? (Include Library name and URL if possible.)
