JUL/AUG 2017

Meet the New Director

Karen Clark has been chosen by the Mayor and Logan Library Board at the new Library Director of the Logan Library. Ms. Clark comes into this position with 20 years of previous hard work at the Logan Library, though her passion for libraries has been growing since she was in the third grade. She received her Masters of Library Science degree from the premier Utah cohort of Emporia State University. Her experience ranges from shelving books to helping patrons on the reference desk and everything in between. She has an excellent vision for what our library can be as we move forward planning for a new library space and her passion is expected to deliver outstanding results.

Self Check-It-Out

Our new self-check kiosk is now available for anyone who wants to use a self-service kiosk. Provided by a grant from the Utah State Library, You can now check out and renew your books, CDs, and DVDs at this kiosk. You can also review your account, see what you have checked out, know if your holds are in, and know what (if anything) you owe at the kiosk.

Our friendly staff aren't going anywhere, so you can still ask questions, pick up Summer Reading information, and check-out your holds and other items with them, but the kiosk will provide some basic services to help get in, get out and get on your way!

Two Solar Eclipse Events

Are you going to be watching the August 21st solar eclipse here in Logan? If so, come and join the library at our eclipse watching party! We will start at 10:00 a.m. with free eclipse glasses for all in attendance. The glasses have been provided by StarNet a division of the Space Science Institute and are made in accordance with safety guidelines. The full eclipse (95% here in Logan) will take place just after 11:30.

The library will also be hosting an informational presentation about the eclipse Monday, August 14th, at 7:00 p.m.

As always, both events are free and open to all.

S.A.G.E. University
