

# CACHE COUNTY PUBLIC LIBRARY

VIRGINIA HANSON, LIBRARIAN

LOGAN, UTAH

June 6, 1973

Cache County Public Library Board  
In care of Dr. J. Stewart Williams  
Logan, Utah

Dear Members:

My departure is imminent, and I want to thank all of you for your kindnesses, cooperation, and your evident and effective interest in the library. When one has spent six (sometimes very long) days a week for an astronomical number of years in one place, it is natural that a concern for its well-being results. For this reason I am very happy that Mrs. Judith MacMahon was accepted as an assistant librarian. She has had experience and training in addition to other necessary qualifications, and is indeed my choice for this assignment.

When I attended the board meeting at which Mrs. MacMahon was interviewed, I voiced my opinion to some of you, but just in case all members did not hear my words of approval, I take this opportunity to state in writing, that I am satisfied with your action, and glad to leave the library in such capable hands. When the head librarian is appointed there will be a good assistant already established to go along with what I feel sure will be a successful expansion of services. I will rejoice with all of you in every improvement and change. This is the time for progress, and I hope you will all continue to work in harmony.

Sincerely,

*Virginia Hanson*
