#### A. Online Reference Changes- Kent

Recent changes to the online services include adding printers to 12 of the 13 computers. Patrons can now not only print color, but can control their own printing, and see what they have printed out immediately. Payment for printouts has also changed so that patrons pay for their copies in a box on the circulation desk. Both changes have saved an incredible amount of staff time by allowing patrons to manage their printing and payment by themselves. Other projects to reduce the involvement of the reference staff with online computers are still being investigated.
